CHRISTENSEN WINS OUT IN THE CITY

Claims Made That Delegates Are Two to One Against Elder Howell.

FEDERAL BUNCH GIVEN RICHLY-MERITED REBUKE

Results of Church-Republican Primaries in the City and County.

Elder Joseph Howell will not have the walkaway that he anticipated in the race for Congress. In fact it looks now as if he would be in the also ran class. Salt Lakers have become pretty tired of the Federal bunch, pretty tired of having the Peewees and Curlys and Kinkys and Fussys trot out the candidates and say: "Here they are, vote for 'em." There is a last straw that can always be put upon the camel's back to break it. This appears to be the situation regarding the primaries of the church Republicans held on Thursday, wight Thursday night.

The result of the primaries shows that Elder Howell, the man whom the Federal banch have fosted upon the party as the Congressional candidate, has been buried and that Parley P. Christensen will have at least two-thirds of the delegates. This is a solar plexus blow to the Federal bunch and the band of twenty-six and is evidence of the revolt that is on in the State against the tyranny of the band of twenty-six which has dominated poli-

instructed to vote for him.

In the forty-second, there was a hard light made against A. B. Irvine, president of the Taft club, who has been one of the insurgent leaders, on the ground that he was an insurgent, but he was elected by a good majority. Harry Joseph who engineered the fusion movement last fall and who swapped candidates on the Republican ticket for Democrats in order to beat the American party would now bar real Republicans from voting for Taft. In the American party would now but real Republicans from voting for Taft. In his district, the forty-fourth, he intro-duced a resolution that every Taft elector decline to permit his name going on the American ticket. There was a spirited contest over the resolu-tion but Joseph won out and the resolu-tion but Joseph won out and the resolu-tion was adopted. This was in strict tion but Joseph won out and the resona-tion was adopted. This was in strict accord with the orders of the federal bunch who are determined to stut out every Republican vote unless they will vote for the entire ticket down to con-stable—the ticket they have selected.

Control of Bingham. In Bingham there was a warm contest between the crowd known as the Bingham Bulletin and the antis. When the votes were counted, the Bulletin crowd had 175 votes against 100 votes for the opposition. In the Bingham district five of the six delegates are almost certain to east their votes for Harry J. Robinson for attorney general.

oral.

Taken in its entirety the result has been a knockout blow for the federal bunch and when the state convention meets on Tuesday next this delectable gang will be greeted by a great crowd of delegates who will be ready to give battle and who will do so against the tyraunical rule which the bunch has so long wielded. It looks as if the slate Following is a list First Ward.

ADDITIONAL BOOST FOR SALT LAKE CITY

Zion Will Have Many Delegates at the Big Irrigation Congress.

As an additional boost for this State at the National Irrigation Congress, to be held in Albuquerque, it was decided to have as many as possible of the representatives of States adjoining Utah proceed to the convention by way of Salt Lake City and thus swell the numbers from here. Arrangements have been made for a special train to leave Ogden over the Denver & Rio Grande railroad Sunday, September 27, at 4 o'clock. The train will contain four standard sleeping cars, one tourist car, one commissary car, a dining car and a baggage car. It will leave this city at 5 o clock and pick up delegates all along the way to the East. Delegates from Carbon county and other localities from the eastern part of the State will join the party at Price.

The train will contain the main body of delegates and visitors to the convention from the West. Held's band will be on board and will be expected to discourse music along the way.

The occupants will be furnished with boosting literature of various sorts, and there is no reason why this State should not make an extra fine showing at the one commissary car, a dining car and

exhibits from this State, consisting of all varieties of fruits raised here. Many huge cases are already packed for ship-ment at the Chamber of Commerce. All the old trophies won at previous con-ventions will be on exhibition at this one, and everything possible will be done to make the showing of this State a distinctive and attractive one.

At an autopsy held over the body of the dead man at the undertaking rooms of O'Donnell & Co., Thursday night, by County Physician Calderwood and Assistant County Physician F. H. Raley, it was found that the bullet had gone through the abdomen, enting an artery, which caused internal bleeding and death in less than a minute.

Trouble at Club.

Trouble between Hawkins and Logan originated in the Americus club at 43 Commercial street, where they engaged in an argument as to each other's character. Hard names were exchanged an people in the club say that Logan pulled a revolver and threatened to shoot Hawkins, but was stopped by men Hawkins, but was stopped by men standing by. ADMIRAL EVANS'S PICTURE PRESENTED TO CADETS

The "gym" assembly room was crowded with the boys of the freshman class and all others connected with drill. Thursday. The meeting was called so that Principal Eaton and Captain Webb could outline the year's work to the new boys and give them some idea of the advantages of drill.

Mr. Eaton talked about the success of the last year and what a wide reputation the battallon made for itself while on the San Francisco trip. He hurried over the events of the trip up to the great parade and how pleased Admiral Evans was at the showing made by the boys. He concluded by presenting to the eadets a large picture of Admiral Evans, which pleased the boys very much.

Across the face of the picture was written: "For the Sait Lake High School Cadets in remembrance of their courtesy in acting as my escort in San Francisco. May, 1908—R. D. Evans, Rear Admiral."

The battalion had a strength of 307 last year, which will be increased about seventy-five this year because of the large freshman class that entered the school. school.

REV. MR. SIMPKIN HOME FROM ABROAD

The "Little Parson" Reports a Most Delightful Trip Across the Water.

TALKS INTERESTINGLY OF HIS EXPERIENCES

Visited Many Points of Interest, but Is Glad to Be in Zion Again.

The Rev. Peter A. Simpkin, paster of the Phillips Congregational church, returned from his European trip, Thursday, overflowing with good spirits and reminiscences of his summer abroad, where he was one of the delegates to the International Conference of Congregational churches, held at Edinburgh, Scotland, from July 1 to 12. To a Tribune representative he said that there were 850 delegates present, representing every corner of the globe, and there were always from 1000 to 5000 people present in Rainere Hall where the conference met, during the session.

The theological, socialogical, educa tional, missionary and in fact, the whole tional, missionary and in fact, the whole ground of church work, was discussed. One of the particular subjects of interest was that of the new theology, which, in the estimation of Rev. Mr. Simpkin, is a deliberate attempt to shake the domain of faith, and shows too much of a tendency to want demonstration of the miraculous in the life of Christ, and minimizes the importance of the religious standpoint of our foreof the religious standpoint of our fore-fathers. It was the sentiment of the meeting that the new theology was ultra-liberal in its views.

Another matter prominent in the council, was the insistence of the social

propaganda, warmly advocating that the church adjudicate the social and industrial problems that lay in its power. The papers and arguments were power. The papers and arguments were magnificent and above the average, and the body was pronounced in regard to the prominent reforms of today.

The people of Edinburgh were most hospitable, and some time was spent in seeing the surrounding country, visits in seeing the surrounding country, visits being made to Abbottsford, the birthplace of Sir Walter Scott; to Linlithgow, where Mary Queen of Scots was born; to Loch Katerine, Loch Lomond, and Loch Trossarhs. The day after the and Loch Trossarhs. The day after the council, a trip was taken into the Burns country, Alloway, Burns's birth-place being the first stop. Alloway is also the scene of the story of Tam O'Shanter. From there, Dumfries, Burns's burial ground, was visited, the party continuing on down the South road to the Carlisle and lake country.

Six Weeks in England. Six weeks was spent in England and Wales, and everything of importance was visited. A ride up the Thames in motor boats was taken, Windsor was explored, and some days spent in York, inspecting the cathedrals and cripts. Quaint old Chester was done thoroughly, and several experience. and several excursions into the Flint country were made in automobiles, over the beautiful English roads, as much as possible, being spent in the antique and picturesque old inns about London. They Like Taft The English people are greatly inter-sted in the political situation in this country, rather favoring Mr. Taft, be-lieving that he will follow in the foot-steps of President Roosevelt, whom they greatly admire. They are particularly interested in the possibility of tariff re form by congress in the near future.
